DESCRIPTION

Upon entering through the large 19th century gates, you will find yourself enchanted by the greenery and the beautifully maintained garden all around. Surrounded by mountain views and vast lands of Madiran vineyards and their châteaux, yet very close to local commerces and many organic farms.

The ground floor of the main house (300m2) features a living room, dining room, bathroom with WC, fully equipped kitchen and a large space behind the kitchen serving as a great pantry room.

The first floor contains 4 bedrooms and a large bathroom with shower and bath, all connected by a lovely lounge area. Ascending to the attic, you will find a large space that, with renovations, could be transformed into an additional living area.

Going out through the back door of the house, you will reach a covered extension of the house with the atelier/ storage room and a terrace.

The barn has been completely restored, preserving some of the original elements (beams and doors). The entire space makes up to 325 m2, with two studios with their own bathrooms and kitchenettes. Downstairs, on the ground floor, there is a space that could be used for many different purposes: atelier, art gallery, conference room, gym, reception room, etc. It is perfectly fitted to accommodate many business ideas, as it has disabled access, toilets, and technical area. On the left side of the building, there is a two-places garage.

There is a possibility to rent out the space...
