DESCRIPTION

The front door opens into a hallway with a downstairs bathroom with shower and W.C., on the right hand side is a kitchen/breakfast room with French doors leading out to the patio. Following on from the kitchen is the sitting room with a chimney place and wood burner. To the left of the front door is a large room where renovations have been started to create an open plan kitchen/sitting room and a downstairs bathroom.

Upstairs there are 3 bedrooms, 2 larger with en suite bathrooms and a spacious landing. There is a 4th bedroom being created to include an en suite and a kitchenette area. It is possible to have one side of the house private with a second front door and an exterior stairway to the upstairs bedroom/annexe.

At the end of the house is a larger barn that houses the boiler for the fuel central heating system as well as providing ample storage space. The outside land is just shy of 1 hectare with a small stone building.

There is renovation work needed on the property but could create plenty of business possibilities.
