DESCRIPTION

Located on the outskirts of a pretty village, this super property comprises a cottage built in 1820, a wooden summerhouse, a riverside garden with terraces of about 500m² and a separate garden of 240m² (opposite the cottage).

Beautifully renovated by the current owners in 2022, the cottage would be ideal for a couple or for first-time-buyers. It is completely ready to move into - and should you require more living space in the future, the lower-ground-floor of 42m² could be renovated and converted. In the meantime, a wooden summerhouse of 19.8m² provides extra space for guests to stay!

From the road, curved stone steps lead up to the front door of the cottage, which opens into a light and airy, open-plan main room with a sitting area, a dining area and a kitchen area.

Beyond the main room, there is a shower room with a WC and a master bedroom, which overlooks the river. A suspended concrete slab accessible via a door in the master bedroom could be used for creating a little balcony, if desired.

From the main room, a spiral staircase leads up to a mezzanine floor above the main room. This area has been converted into a loft-style bedroom, but could also be used as an office.

A second spiral staircase in the main room leads down to the lower-ground-floor of the cottage (42m²), which is currently used as a utility room and for storage. Once completed, this floor could provide additional living space in...
