## NOTES

## DESCRIPTION

This immaculate townhouse with mountain views and a river across the square has been lovingly restored by the current owners to bring a touch of old-world charm and elegance.

Facing a tree-lined square with a grassy area and a covered pergola opposite (under which the current owners have set up a table and chairs for most of the year), the semi-detached property benefits from free parking on the square and is centrally located in the medieval neighborhood, within walking distance of all amenities.

Entry is on the ground floor through a frosted glass and wood door into a recently installed Ikea kitchen with Falcon stove/hood and butler sink. Also located on the ground floor are the dining room, accessed through an opening from the kitchen, and a toilet/shower room (currently used by the owners when hosting guests).

Access to the first and second floors is via the original dark wood staircase, and on the first floor is a living room with a standalone wood stove and WiFi outlets. On the landing is a closet, currently used as a wardrobe. There is also a double bedroom with an en-suite shower and toilet.

On the second floor, illuminated by a central skylight, is another double bedroom and a third double bedroom with en-suite shower and toilet.

All rooms (except the kitchen) have electric radiators, and a hot water vent cupboard is located on the second-floor landing. There is also loft access and a small cellar/cave.
